SUMMARY

Computer Science student with ability to develop functional applications through academic projects, and CCNA-certified aspiring developer. Seeking an OJT position to apply my programming skills, contribute to team-based software development, and gain hands-on experience with industry-standard frameworks.

TECHNICAL SKILLS

- **Frontend:** React.js, Bootstrap, Tailwind, Javascript, Css, Html5
 - **Backend:** Node.js, PHP, Python, Java,
 - **Databases & Development:** MySQL
 - **Developer & Tool:** MySQL, Github, Cisco Packet Tracer, Figma, Visual Studio Code
 - **Soft Skills:** Adaptability, Attentive to detail, Problem Solving
 - **Certifications:** CCNA: Introduction to Networks (2026)
-

EDUCATIONAL BACKGROUND

Bachelor of Science in Computer Science

June 2023 - Present

Ateneo de Davao University (AdDU)

- Relevant Coursework: Networking Programming, Data Structures & Algorithms, Software Engineering, Database Management, Event Driven Programming, Object-Oriented Programming
- Active contributor in group system development projects.

Senior High School - Computer Programming

June 2017 - 2023

Tagum National Trade School (TNTS)

- Graduated with Honors
 - Awarded 3rd in Best in Research and Loyalty Award
-

PERSONAL PROJECTS

Library Management System

Java, Swing, AWT

- Developed a desktop application with OOP principles and role-based access for librarians and borrowers.
- Reduced the amount of manual data entering by implementing automated logic for precise calculations and overdue tracking.

WOW Carmen Order and Inventory Management System

Laravel, MySQL, JS

- Designed a full-stack solution using a MySQL relational database to digitize the neighborhood inventory tracking.
- Created a responsive Laravel dashboard with automated order workflows and real-time stock alerts.
- Data retrieval was optimized by using efficient SQL queries, which improved system load times.

FedEx Website Redesign

Figma, HTML, CSS, JS

- Redesigned a FedEx-inspired website using HTML, CSS, and JavaScript, delivering a modern, responsive, and user-friendly interface.
 - Enhanced UI/UX by improving navigation flow, layout organization, and overall visual consistency.
-

ADDITIONAL INFORMATION

- **Languages:** English and Filipino (fluent), Cebuano (conversational)
- **Interests:** Web Development, Software Development, and continuous learning in emerging technologies.
